

Ants on a Log recipe

Ingredients: celery sticks (washed), peanut butter (no added sugar), raisins or dried cranberries

Instructions: After washing the celery, chop off the rough ends to make ~6 inch sticks. Place a spoonful of peanut butter into the groove of each stick and spread evenly throughout. Add raisins on top to look like “ants on a log”. YUM!

Celery: Vitamin K and antioxidants

Peanut butter: protein and healthy fats

Raisins: fiber and antioxidants

This week we learned about: **VITAMINS**

- **Vitamins** are vital compounds found in foods that are **essential** for nutrition, development, and immunity.
 - They must be eaten because **they cannot be made by the body.**
- There are 13 vitamins: **A, B (1, 2, 3, 5, 6, 7, 9, 12), C, D, E, and K**
 - . They are divided into 2 groups – *water soluble vs. fat soluble*
 - Vitamins A, D, E and K are “fat soluble”, they do not dissolve in water
- Vitamin deficiency can result in many different health problems
 - . These may include problems with your vision, bones, immune system, brain, skin, hair, teeth, gums, etc.
 - . **It is very important that we eat a variety of foods so that we can obtain all the vitamins that our bodies need!**
 - Vitamin A: carrots, sweet potato
 - B vitamins: meats, dairy
 - Vitamin C: fruits, oranges
 - Vitamin D: milk, eggs
 - Vitamin E: nuts, oils
 - Vitamin K: greens, beans

NEXT TIME (2/15/23):

Calcium!
